■ PLANT & FACILITY MAINTENANCE

Whether for industrial plant settings or facility environments, Lipscomb Plant Services offers the right balance of services that proactively address your maintenance needs. Our flexible approach means we can assume full responsibility for your maintenance program or provide supplemental support for your existing team. This includes:

- Preventive Maintenance
- Predictive Maintenance
- Planning & Scheduling
- Project Management
- Materials Management
- Spares Program
- Plant Services

A full range of services helps ensure all plant and facility needs are properly addressed. Lipscomb Plant Services supports your operations with:

- Building Maintenance
- HVAC Maintenance
- Plant Systems
- Utility & Boiler Operations
- Sub-contractor Management

...and more

■ CAPITAL PROJECTS & CONSTRUCTION SERVICES

Cost and operational efficiency gains can be realized by leveraging the on-site Lipscomb Plant Services work force for projects of various sizes and complexity. Bypassing the time-consuming bid process will ensure that your projects are completed on schedule and within budget without the delays that often occur with bids. Lipscomb Plant Services is well-positioned to address your capital project and construction needs such as:

- Construction or Modification of Plant Buildings
- Plant Construction or Facility Expansions
- Overall Project Management
- Project Controls & Performance Analysis
- Equipment Installation, Relocation or Retrofit
- Safety, Health, & Environmental Programs

■ WORKFORCE SOLUTIONS

Customers often turn to Lipscomb Plant Services to provide resources for operational support areas such as:

- Production Operations
- Shipping, Receiving and Warehousing
- Assembly and Product Packaging
- Recycling Operations
- Laboratory and R&D Support
- General Administrative Functions

These value-add services are counted on during uncertain economic conditions, for seasonal needs, and to effectively manage fluctuating staffing levels that often occur in certain markets.

■ ZERO ACCIDENTS

Work performed by Lipscomb Plant Services is conducted with an emphasis on safety in all areas. The prevention of incidents and injuries is an on-going mindset. Every employee understands the critical importance of producing outstanding job results with zero accidents. We take pride to ensure our work environments are the safest they can be. Training and education for personnel at all levels—from the office to the plant or facility—means we maintain a safety mindset in all behaviors. To you, that translates into confidently knowing Lipscomb Plant Services gets the job done right.

■ AFFORDABLE, FLEXIBLE AND SAFE... DELIVERED WITH THE HIGHEST VALUE

Lipscomb Plant Services understands that companies like yours have to keep costs to a minimum while maximizing output. That's why our total services offering remains flexible to adjust to your changing needs. We do it all in the safest manner possible with a priority of delivering unprecedented value to you—the total package for plant and facility services.

Let's get working!
